

REAP INTERNATIONAL

None Shall Perish

2 Peter 3 emphasizes the phrase, "None should Perish". This means people. Not a race, not a certain selection, not a color, but all people need a Savior. We have a challenge laid before us from the Scriptures. Challenges come in many ways, but physical and mental ones are the most common ones we hear about. There is also one that is a more personal challenge. A challenge Christ pushed for during His 33 years, to do something bigger than yourself. He is challenging you, to make a difference in your life, and the life of others. Make a difference for the Kingdom.

Today, as you read this message, we are in the process of building 5 schools in Vietnam. Each school will have hundreds of wonderful children in them studying "King James Culture" and learning from the best teachers available. As the Bible says, "The fields are ready for harvest." This is not an understatement. We are in that moment of planting and reaping a harvest.

What I am asking for in this challenge, is for you to help change the life of a student by financially supporting these incredible children. You, my friend, can change the world through your gift. How great is the challenge, you ask? We need everyone who reads this to contribute \$25 a month for the next several years. The seed you sow will ensure that we continue on our crusade in teaching these substance they need for a healthy life. I have heard it said, "If we can change a misdirection early on, we can correct a lifetime of misery." Jesus said, "Let the little children come to Me", and together, we must make it happen. The challenge is now. Will you help?

Matt Roever, COO

Veterans Corner

We already have three programs scheduled for our veterans this year.

1. The REAP Regiment of Veterans (RRV) continues to meet through Zoom on the last Saturday of the month to study God's Word. These meetings are hosted by Bob Knolauch. It is a great time of fellowship with our veterans!
2. REAP is planning a Mission Trip to Vietnam in August. I will send out a flier once we have trip dates, costs, and places we will visit.
3. We have scheduled an All Veteran Program at Eagles Summit Ranch Texas for October 23-27, 2023. I will be sending out additional information when it is available!

Please continue to keep our veterans in prayer! Contact me if you would like more information about any of these programs. michael@daveroever.org or 913-221-5085.

Let's Connect

Seasons change and each season has its purpose. As our ministry, and organization as a whole makes new changes, you will also see some changes made to the face of our social media sites. We are streamlining to have a more centralized focus, One Mission, of spreading the gospel, making disciples, and worshipers of Jesus Christ. All the newest information will be posted to our Dave Roever Facebook page. There you will find the latest updates to all extensions to our ministries; Roever Evangelistic Association (REA), Roever Educational Assistance Program (REAP), and Roever Foundation (RF). Thank you for "following" along, supporting us, and helping us to share the Gospel with those in our communities.

Jaime Roever, Executive Director

A Report from our Vice President

On this day – April 30, 1975 – the war in Vietnam ended, but the country remained divided. Since then, God has been using Dave Roever and REAP to share the Gospel with the people in Vietnam. Now God has opened another door to reach a new group of Vietnamese people. Next month we will continue training for this group of 20,000 people. In May of 2023 we will have 400 people take the certified teacher's exam and hundreds of students will graduate from the discipleship program! The Lord has also opened a new door in Liberia. They will begin studying with us through Zoom until the team and I can make a trip there. Please pray for the May Mission Team in Vietnam and our new students in Liberia.

"The word of the Lord is ringing out from you to people everywhere"
(1 Thessalonians 1:8, NLT)

MAKING DISCIPLE MAKERS

Do You See What I See?

Although God blessed mankind with so many gifts we oftentimes fail to appreciate them until we lose them. One of our five natural senses, that immediately comes to mind, is the ability to have vision or sight.

Scripture tells the story of Jesus touching the blind man who began seeing men looking like trees. We also learned that we know in part but one day we will know fully. We are indeed grateful for everyone who assisted REAP International's vision of constructing a church facility in Lusaka Zambia. Thanks for seeing the opportunity we saw.

Apostle Thomas, Director of REAP Africa and pastor of Lion of Judah Church in Zambia, recently shared the following: *"I am glad to report that we have moved very fast with our church building. We have a few things to be completed before we will be able to start meeting in the facility. Our most pressing focus for now is toilets and plumbing, which is what is required to receive our occupancy permit*

according to African government standards. Our people will later raise additional funds for doors, windows, tiles, and electricity. We are targeting August 2023 to gather because June and July are the coldest months, and our doors and windows will not be installed until after the plumbing is completed. Thank you again for the grace and love you have shown to us."

Please stand with me as we continue to pray for what God is doing for Apostle Thomas, Lion of Judah, REAP-TXUT Africa and their School of Discipleship program which is impacting that region. We know that God is able to complete what He started.

Dave Wallace, D.Min.

An Incredible Past... An Exciting Future for REAP K12 Schools!

REAP K12 Schools is in its fourth year of successful operation. The 2022-2023 school year saw some exciting successes:

- We opened our second school in Lai Thieu, Vietnam. There are 24 students currently attending this school from Preschool through 7th grade.
- Our charter school, located in Hiep Thanh, Vietnam, has 146 students currently enrolled in Preschool through High School.
- In a partnership with Global University, we are excited about the completion of the King James Culture curriculum that will provide thorough Christianity education for our students.
- A new email system was developed in order to secure a free email system for all students and teachers, no matter how large our schools become.
- We are preparing our High School students to take the SAT for the first time on May 6, 2023. Practice tests are already showing great results, proving that our curriculum and teacher training is working.

As we look toward the 2023-2024 school year, we look forward to the addition of multiple new schools. Each school will begin as a Preschool through 2nd -grade school building. Our Charter School will see significant renovations this summer, in order to teach 200 students at this single location. We will also see our first graduating class of eight students in May 2024. Our hope is to bring those students to Texas, to be a part of the Newman International School of Arlington, Texas' Graduation Celebration. The curriculum will continue to be enhanced in order to offer the most robust college preparatory academic and career technical education while teaching our students about Christianity through our King James Culture curriculum. We are looking for nine to twelve new teachers for the next school year. Please let your friends and colleagues know of our teaching opportunities. They can apply at: www.reapk12schools.com/application

WE'RE HIRING! REAP K12 Schools is expanding in Vietnam and we need teachers. This is an incredible opportunity if you are interested in working with students and traveling abroad. And... you don't need to be a certified teacher. You only need an Associate's Degree and a heart for missions. For more information please visit: Application | REAP K12 Schools

Lives Are Being Changed!

Newman International Academy of Viet Nam (NIA-VN) was started with the belief that if we could change a child, we could change a generation and a country for Jesus. Children are being changed at NIA-VN! They are becoming followers of Jesus Christ! Below is a testimony of the awesome power of Jesus Christ to change lives!

Lonnie is a 15-year-old middle school student. He comes from a family of non-believers. His parents are divorced and he lives with his father. When he first came to NIA-VN, he was shy and did not talk much. Lonnie is from north Viet Nam and speaks with a northern accent. Our school is in south Viet Nam, so most of us speak with a southern accent. When Lonnie would speak some of his friends would laugh at his accent.

Lonnie was different from his classmates. Some days he wore a black suit and tie to school. He usually wore a face mask. He even kept his mask on when he ate lunch. The school told him he didn't have to wear the mask after Covid 19, but he continued to wear it.

But thank God that Lonnie has been totally changed! He is happy and he talks a lot. He doesn't need to wear a mask anymore. God totally changed him when he began to study the Bible in his class with his teacher. God touched him and changed his heart and his attitude. He talks with his teacher about God and even wants to have a water Baptism! Lonnie also attended the Franklin Graham - Spring Love Festival. He served on the volunteer team! He was so happy to be able to serve God at the Festival. He has even asked his father to send him to church on Sunday!

Prayer request:

Please pray that God will continue to work in Lonnie so that he can know and experience more about God in his life. Pray that God will use him to win his family for Christ.
